PLAY TIME IN THE LAND OF MAKE-BELIEVE

LINCOLN LOGS combine all the pleasure and fascination of a "Building Toy" with the possibilities of constructing in miniature the Cabins and Buildings of the American Pioneers. Playtime with LINCOLN LOGS is more than mere play—it fires the imagination and brings vividly to mind the life of Abraham Lincoln, the era of the Pilgrims, the doughty deeds of Daniel Boone, and the intensely dramatic days of the Western Frontier.

THE EXTRA LONG LINCOLN LOGS

make it possible to build larger buildings like "The John Kinzie Home"—the first building in Old Chicago—they are sold as an "Accessory Set" at \$1.00.

LINCOLN LOG SETS WITH WHEELS

By combining Log Wheels with LINCOLN LOGS you can make the Oxcart and Cannon shown in the large illustration and also Autos, Airplanes, Busses and modern forms of transportation.

TOY CHEST AND WAGON

Made from Extra Long Logs, serves as an easily moveable receptacle in which children can "put away" their LINCOLN LOGS and other toys when playtime is over.
