"HI FELLERS! There are Indians crawling toward the Fort. They're armed with muskets and arrows. Come on, all you Pioneers, we've got to save the cows and horses. Grab your rifles, we'll get those Red-skins. Oh Boy! Will we ever have fun."

This was what happened when Lincoln built his first Log Cabin, and all this can be played in your own playroom with Lincoln Logs made just the way Lincoln made his cabin. Lincoln Logs are not just sticks of wood painted to look like logs; they are designed to

fit perfectly, and to withstand the same hardships that Lincoln's Cabin had to.

Lincoln Log Historical Figures are the real thing... Indians... Pioneers Cowboys... Soldiers... Canadian Mounties and others, true to life in all details.

Don't be fooled kids... there was only one Lincoln... THERE IS ONLY ONE "LINCOLN LOGS," Rugged as Old Abe."

### LINCOLN LOG LUMBER

For reproducing Early American FORTS, STOCKADES, BLOCKHOUSES, etc. For ease in handling, the Logs are made in groups instead of being cut individually.
